

## Carpet Entrance Mats

Carpet Entrance Mats are constructed out of an Olefin fiber carpet face, creating a plush floor mat. These entrance mats are a popular and economical choice as they feature great water retention and dry quickly. Use these floor mats as door mats or as longer runner mats.

- Vinyl backing and borders help to reduce floor mat movement.
- Olefin yarn is stain and mildew resistant.
- Perfect entrance mat for use in moderate-traffic, indoor/outdoor areas.
- Floor mat is available in solid and two-tone heather colors.
