Cast Aluminum Stair Nosings

Cast Aluminum Stair Nosings offer the most traction for use on slippery concrete steps for both new construction and existing stairways. Cast Aluminum Nosings boast a non-corrosive, cross-hatch design and a sand-cast surface for ultimate slip-resistance on the nose of any stair.

- Ideal for use in outdoor stairways including stadiums, parking garages, fire exits, schools, hospitals and convention centers.
- These cast aluminum nosings have a natural sand cast finish, with a silicon carbide abrasive surface for ultimate traction, even in rain and snow.
- Clean nosings with a broom, general purpose industrial floor cleaner, or hose down/power wash as needed.

SPECIFICATIONS

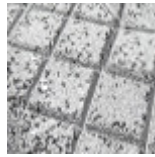

1/4" thick surface 1/4" long angled nose Depth: 3" and 4"
Federal Specs: RR-T-650E Flame Spread Rating of 75 or less using ASTM-E-84 Test

Cast nosings can be supplied with countersunk holes every 12" for screwdown installation, or without holes for installation in wet concrete.

Item No: STCALMN
