

Comfort Grip Wet Area Matting

Comfort Grip Wet Area Matting increases slip resistance on otherwise slippery floors thanks to its patented textured surface, which allows moisture to flow between the raised walking surface and drain off the sides, keeping the topside safe with enhanced traction.

- Comfort Grip Matting offers one of the most slip-resistant, high-traction designs for use around locker rooms, pools, hot tubs and the like. The enhanced slip resistance is ideal for slippery floors, especially where safety is a high priority.
- Comfort Grip mats are anti-microbial and resist mildew, fungus and foul odors. The UV and chlorine resistance ensures a long-lasting, easy-to-maintain appearance.
- This 1/8" thick, wet area mat is strong enough for cart and wheelchair traffic yet soft enough for even the most sensitive bare feet. These mats are perfect for poolsides, waterparks, shower stalls and locker rooms, saunas and rehabilitation facilities.
- These safety mats can be placed both both inside and outdoors.
- To clean, simply hose off. Scrub with a deck brush as needed.
