

## Disposable Hand Dryer Mats

Anti-microbial hand dryer mats help catch the water sprayed on the floor from electric hand dryers, keeping the floor dry and preventing slip and fall accidents.

- All Hand Dryer Floor Mats have a “Time in Service Monitor” in the corner of each mat. This simple timer, shows how long the mat has been in use and, therefore, when it's time to replace it.
- These anti-microbial mats stick to the floor with a double-sided tape on the underside, have a slip-resistant backing and are ADA-compliant.
- Disposable hand dryer mats cost just pennies a day.
- Spending less time mopping and drying these areas in the bathroom reduce labor costs and provides assurance for property owners and peace of mind for customers.
- The anti-microbial treated surface of these mats help to eliminate bacteria and keep a cleaner, safer restroom.
- Dimensions: 19.25" x 16.75"
