Rubber Gym Matting is heavy-duty rubber flooring that is precision cut for use in fitness facilities, gymnasium, and weight rooms to create safe, soft gym floors that absorb impact and resist stress to the floor.

- Rubber Rolls fit together perfectly and lie flat without curling.
- These non-porous, indestructible rubber mats have textured surfaces.
- Excellent for use under workout equipment, such as treadmills, stationery bikes, and weight-lifting machines.
- Non-porous, indestructible 1/4" or 3/8" rubber
- Rubber Gym Mats shield the floor from damage while protecting machines and exercise equipment from vibration and carpet fibers, which can build up within the equipment’s moving mechanisms.

Item No: GEVRM
