

## Free Flow Drainage Tiles

FreeFlow Drainage Tiles help improve appearance and traction by keeping work areas safe and dry, which can reduce slip & fall accidents. Free Flow floor tiles easily connect and are perfect for both standard and custom configurations.

- 12" x 12" x 1/2" Thick interlocking drainage tiles.
- Drainage floor tiles dry quickly while providing a slip-resistant surface.
- 12"L x 3"D reducers (or beveled edges) are available.
- Ideal for any wet environment where traction is a priority.
- Tiles contain a UV-resistant compound making them fade-resistant and greatly reducing the tendency to expand/contract/flex due to temperature changes.

Item No: PFFDM
