

Metallic Diamond Deck Plate Runner Mats

Metallic Diamond Deck Plate Runner Mats boast a highly reflective, stainless steel like appearance yet have a lightweight, flexible vinyl construction.

- These metallic runner mats are ideal for any showroom, work benches, tool boxes, shelving, underneath automobiles or bikes to accent finish or anywhere an attractive mat is needed.
- Available 1/8" thick and up to 75' long.
- The diamond deckplate surface pattern boosts traction and gives this popular vinyl runner a rugged look.
- This vinyl runner mat is best applied to commercial locations such as show rooms, display areas and point of sale displays for visual enhancement.
