Premium Crash Mats

Premium Crash Mats are the most resilient, institutional-grade impact absorption mats in the industry today. These cushioning pads are perfect for use in schools, gymnastic centers, gymnasiums and the mats also conform to US Gymnastics competition standards.

The 18oz, vinyl-reinforced polyester surface is available with either a grained or smooth surface.

The heavy-duty vinyl surface is anti-fungal/anti-bacterial and, rot-, mildew- and water-resistant.

These crash mats have heavy-duty handles, making adjustments and transportation easy.

All covers are double-stitched with heavy-duty nylon thread.

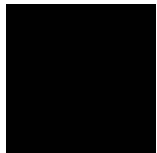

Premium Crash Mats are stable and lightweight and are made with a high density, closed-cell polyurethane foam core. They are extremely shock resistant and will never "pancake" after many years of use.

Item No: GPCRHMA

Standard Sizes (Approximate)

| Size | Qty. 1-5 | Qty. 6-10 | Qty. 11-25 | Qty. 26-999 |
|------------------------|------------|------------|------------|-------------|
