

## Rubber Scraper Signature Logo Mats

Rubber Scraper Signature Logo Mats contain a small, detailed rubber logo situated in the corner of a heavy-duty Rubber Scraper Mat, which helps clean dirt and debris from shoes while keeping the branded portion of the mat off of the heavily trafficked portion of the rubber.

- The rubberized logo is always placed in the bottom right corner of each signature rubber mat and measures 7.5" tall by 13" wide. The logo is molded into the rubber surface for a long-lasting design.
- Rubber scraper mats have a containment border that protects your floors by trapping dirt, oil and water and preventing it from falling off the mat.
- These mats are produced with commercial-grade, Nitrile rubber, that is slip-resistant, even when wet. These signature logo mats can be used both inside and outdoors.
- The high/low surface pattern effectively scrapes dirt and debris and traps moisture within this rubber mat's containment borders.
- To clean, shake out or hose off and dry.
- No artwork or setup charges.
