

## Smooth Marbleized Runner Mats

Smooth Marbleized Runner Mats are colorful runner mats that have a softer, or less "industrial" look than other runner matting products but still help protect floors, insulate against noise and temperatures and are easy to clean.

These 1/8" smooth runner mats can also increase traction on slippery floors and therefore potentially help prevent slips and falls.

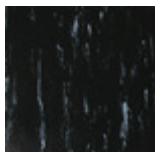

- These 100% rubber runner mats are manufactured for heavy traffic and will resist curling and warping.
- Smooth rubber runners can also be used as liners for maintenance & tool carts.

Item No: VSMRR

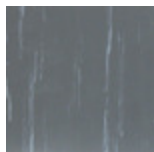

**Custom Sizes - Per Sq. Ft. (Approximate)**

Size	Qty. 1	Qty. 2-10	Qty. 11-25	Qty. 26+
