

## Waterhog Classic Entrance Mats With AnchorSafe Rubber Backing

Waterhog Classic Entrance Mats with Anchor Safe Rubber Backing are ideal for locations with heavy cart traffic and rolling loads, as the anchor backing keeps these mats from bunching up.

- Due to their raised square or "waffle" like pattern, these entrance floor mats are very aggressive in scraping shoes clean of dirt, debris and water. The Waterhog mat also features a water dam border that can hold up to 1.5 gallons/square yard of water.
- Waterhog mats are available with either a heavy-duty rubber border or a matching fabric border for a softer look at no additional charge.
- The surface of the Waterhog floor mats are constructed from an anti-static polypropylene material which dries quickly and will not fade or rot, making the Waterhog Classic an ideal floor mat for indoor and outdoor areas.
- To clean the Waterhog mats, simply use a vacuum, extraction cleaning methods, or hose off and hang dry.
- Waterhog Classic mats have 20% recycled content.
