Waterhog ECO Berber Entrance Roll Mats

Waterhog ECO Berber Mats offer a hobnail pattern, which aggressively scrapes grit, grime and moisture off shoes. The surface of these Waterhog Berber entrance mats is made with an anti-static polypropylene material that quickly dries and will not fade nor rot, making it a perfect ECO floor mat for indoor or outdoor areas.

- Waterhog eco berber mats have a crush-resistant surface for maximum mat performance & prolonged appearance.
- Versatile eco berber "roll good" construction allows for flexibility; great for large entrance areas and custom cuts.
- Easily clean these waterhog berber mats: simply vacuum, use extraction cleaning methods, or hose off and hang dry.
- NOTE: Because these are roll goods, the traditional rubber border is not included in the price for custom sizes but is highly recommended for all NON-RECESSED applications and is included for standard size mats. Please calculate the total linear footage and include the rubber border edging as part of your order. Please call us with any questions or for help calculating this amount.
