

## Waterhog Fashion Drainable Entrance Mats

Waterhog Fashion Drainable Mats are ideal for exposed outdoor applications where water drainage is an issue. Water can simply drain right off the sloped fabric borders and thus not collect on the mat. Due to their raised square or "waffle" like pattern, these entrance floor mats are very aggressive in scraping shoes clean of dirt, debris and water.

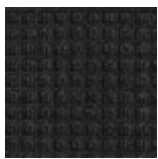

- Waterhog Drainable Mats are available with a matching fabric border for a softer, less industrial look.
- The surface of these Waterhog door mats are constructed from an anti-static polypropylene material which will dry quickly and will not fade nor rot, making the Waterhog Fashion Drainage Mat a perfect floor mat for both outdoor areas.
- To clean your Waterhog mat, simply use a vacuum, extraction cleaning methods, or hose off and hang dry.
- Waterhog Fashion Mats are now made with 20% recycled content.
